Sponsorship Opportunities

We ask you to consider supporting the New England Environmental Education Conference. Your support enables more than 200 regional environmental educators, leaders and other professionals from all over New England to come together to develop innovative collaborations, explore impactful strategies, and strengthen partnerships. Their work increases environmental literacy, protects the environment and conserves our precious natural resources.

Please consider partnering with us as a Conference Sponsor at the \$1000, \$500, \$250, or \$100 level. Sponsorship is an highly visible opportunity for your company or organization to be recognized as a supporter of environmental education. The Conference Sponsorship Levels table in the following page highlights how your financial support benefits you from this conference.

The New England Environmental Education Alliance (NEEEA) and the Connecticut Outdoor and Environmental Education Association (COEEA) are hosting the Conference at Wisdom House in Litchfield, Connecticut on November 4-6, 2016.

The conference theme is *Mindful Action Towards Progress*. Our challenge is to provide relevant environmental education that will inspire change and create solutions to a diverse audience of lifelong learners. Our exploration includes what drives individual and collective involvement of environmental action through natural science, psychology, art, advocacy, faith, mindfulness, research, spirituality and media. ***Our goal is to discover common paths that benefit our world through environmental education.***

We appreciate your commitment to the environment and to environmental education. We hope you will consider supporting our important work to promote and facilitate environmental education and to build healthy, sustainable communities throughout Connecticut and New England.

Please feel free to contact us at sponsorships@coeea.org if you would like to discuss sponsorship or if you would like additional information.
